*Browser support exclusions:

1. Versions of browsers that were released after a major Liferay version release have not been tested and support for these newer browser releases will be provided as best-effort only and may be included in subsequent service releases at Liferay's discretion.
2. Versions of browsers that were supported with an initial release of a Liferay version that have reached the end of their product lifecycle are no longer tested in subsequent service releases and support for those older browser releases will be provided as best-effort only.
3. "Quirks mode" for all browsers is not supported.
4. Internet Explorer Compatibility modes for all relevant versions are not supported due to poor implementation.
5. Limited support shall be provided for Internet Explorer 6 on a case-by-case basis. Internet Explorer 6's performance limitations prohibit it from running the latest Internet technologies effectively without experiencing performance degradation.

**Sun JDK 7

1. Sun JDK 7 is only compatible with Liferay 6.1 EE GA2.
2. Websphere 8 does not support Sun JDK 7.
